Use this grid from:

Choose 3 different coloured tasks each Friday. Post your learning to SeeSaw.

<p>Play Sumdog for 20 minutes.</p>	<p>Remind your child what odd and even numbers are. I explained it using the example of socks (If you had 3 socks, you would have one odd one out). Or use a video on YouTube to explain. Play game: https://www.topmarks.co.uk/learning-to-count/coconut-odd-or-even</p>	<p>Find some objects and explore whether they sink or float.</p>	<p>Using kitchen objects make some instruments. Think about how they make sound.</p>
<p>Using your senses go on a nature walk and show each one of your senses being used. If you can make a photo collage of your walk.</p>	<p>Find containers in your kitchen of different sizes. Play with them. Can you order the containers from the one that holds the most water to the least? Can you find out how many of the smallest container fills the biggest container?</p>	<p>Read a story with a family member. How many rhyming words can you find? How many words can you find on one page that have the same starting letter as your name?</p>	<p>Practise writing your first and last name. You could write with a stick in soil or sand, use a paint brush and water paint or use a pencil on paper.</p>
<p>Practise the sounds you have learned this week. Practise writing the sound and finding the sound/letter in your home.</p>	<p>Learn a clapping tune that you can sing with a family member. Think about a sailor went to see or pat a cake. Maybe you can think of your own song? Try to keep a steady pace as you clap.</p>	<p>Practise making feelings faces. How many different feelings can you show just using your face? If you can make a photo collage of all your faces..</p>	<p>Find out about primary and secondary colours. With 3 primary colours what can you mix and make? Can you make a colour wheel?</p>
<p>Practise your ball skills. How many ways can you pass a ball to someone else?</p>	<p>Make a healthy snack with a family member. Think about different food types and how much of each one keeps a snack healthy? Take a picture of your snack.</p>	<p>Talk with a family member about friendship. Make a potion using pictures to make the perfect friend.</p>	<p>Draw your family tree. Who is on your tree, Think about how you are connected.</p>
<p>Find out about a place that a family member lives. How is the place similar and different to where you live? Draw the similarities and differences in a venn diagram.</p>	<p>Draw a map of your house. Draw a heart where you enjoy spending the most time.</p>	<p>Using google slides make a slide about you. Try to add your name and a picture of something you like.</p>	<p>Using a recording device make a short movie with 2 toys showing good friendship.</p>
<p>Help a family member with the recycling for one week. Discuss what we can recycle and how we can sort recycling.</p>	<p>Play a board game with a family member. Practise sharing and turn taking. How does it feel when you win or when you lose?</p>	<p>Talk about the important celebrations and festivals that you share with your family. Try to find some photos of one of the events.</p>	<p>With a family member find out about a religious festival that your family don't celebrate. What are 3 important details about the festival.</p>
